

COMBINE 2014 Registration Instruction

We are using the USC course registration website for the COMBINE 2014 registration. You don't need to fill out all information. Just follow this instruction, and it probably takes 5-10 minutes to complete the registration.

1. Go to the following link to register:

<http://cecourses.usc.edu/search/publicCourseSearchDetails.do?method=load&courseId=777474>

2. Click the "Add to Cart" button (red circle)

The screenshot shows the USC Continuing Education website. The header includes the USC University of Southern California logo and the 'Continuing education' text. A navigation bar contains links: HOME, ABOUT, AREAS OF STUDY, COURSES, REQUEST INFORMATION, FAQ, and CONTACT US. On the left, there are links for 'Student Login / Create Account', a 'Search For:' section with 'Courses' and 'Certificates' options, and 'CONTACT US' information for USC Continuing Education and Summer Programs. The main content area displays 'CED 0711 COMBINE 2014' with options to 'Email this information to yourself or a friend' or 'Remind me of this course at a later date'. Below this is the 'Course Details' section, which describes the 'Computational Modeling in Biology' Network (COMBINE) and mentions that the event includes oral presentations, posters, and breakout sessions. A 'Print Version' button is also visible. The 'Sections' section lists 'CED 0711 - 001 COMBINE 2014' with details: '2014-2015 - Ongoing 2014-2015', 'In Person: 18 Aug 2014 to 22 Aug 2014', 'Course Fee(s): Conference Fee non-credit \$120.00', and a 'Section Note(s):' stating that there is no fee for attending day 1 of the conference (August 18, 2014). A link to a survey is provided: <https://www.surveymonkey.com/s/COMBINE2014SYMPOSIUM>. At the bottom, contact information for Pauline Martinez is given: pauline.martinez@med.usc.edu. The 'Add to Cart' button is circled in red.

Course Details

The "Computational Modeling in Biology" Network (COMBINE) is an initiative to coordinate the development of the various community standards and formats in systems biology and related fields.

COMBINE is a workshop-style event with oral presentation, posters, and breakout sessions. The five meeting days included talks about the COMBINE standards and associated or related standardization efforts, as well as presentations of tools using these standards. Oral presentations

5. (continued) Scroll down the page and enter initials in the Privacy Policies section. Click the Continue Checkout button.

Privacy Policies

The Family Educational Rights and Privacy Act (FERPA) is a United States law that protects the privacy of student records. USC Continuing Education must have your explicit permission to release your contact information.

Your Employer/Affiliation(s) listed above allow you to choose to have your employer/group billed or to avail of membership discounts (when applicable) when you enroll for courses. This choice will be presented to you each time you enroll.

Please type your initials into each of the boxes below to indicate that you have read and understand these privacy policies:

HM

* I understand that USC Continuing Education abides by FERPA regulations and will not release my student information unless I expressly give USC Continuing Education permission to do so.

HM

*

I understand that if I choose one of the following:

- Affiliate my course enrollment(s) with a company or group, OR
- Request that my company or group be billed directly for my courses

USC Continuing Education will release to the appropriate company or group the following enrollment details: my account number, my student type, my course(s), course schedule(s), delivery method(s) and location(s), units, tuition amount(s) and fees due.

6. The next page contains COMBINE specific questions. Please fill out all of them. Please check the Policy Confirmation checkbox, and then click Continue Checkout.

Thanks to the NSF, the organizers have special funding to support the attendance of underrepresented groups. According to the NSF definition, the underrepresented groups include (1) women, (2) minority*, (3) people with disabilities. We can seek to provide limited travel funding based on need, up to the limit of our designated funding. If you belong to one of the three groups, and would like to receive travel support, please check the box below accordingly. *NSF minority definition: Ethnic groups that are significantly underrepresented at advanced levels of engineering and science, i.e., African American, Hispanics, Native Americans, Alaskan Natives, and Native Pacific Islanders.

Yes, I would like to receive travel support

Policy Confirmation *

I have read and understand the Registration Policies and approve charging the above indicated amount on my credit card.
