

Leucorea Wittenberg, Germany

Leucorea and University Halle-Wittenberg

Leucorea

- ▶ A foundation that uses the medieval university building in Wittenberg as an international conference center

Martin Luther University of Halle-Wittenberg

- ▶ Founded in 1502 by Frederick the Wise, Elector of Saxony
- ▶ 20.000 students
- ▶ Former professors include
 - ▶ Martin Luther
 - ▶ Philipp Melanchthon
 - ▶ Giordano Bruno (mathematician and astrologer)
 - ▶ Georg Cantor (inventor of set theory)
- ▶ See courtyard

Lutherstadt Wittenberg

- ▶ UNESCO World Heritage Site
- ▶ The place where Luther nailed his 95 theses against the selling of indulgences at the door of the All Saints', the Castle Church, marking the beginning of the Protestant Reformation

What has Luther to do with
HARMONY ?

Our Theses

1. Make your model easy to understand for everybody
2. Use standards for your model
3. Do not charge money for standards (open access standards)
4. Do not charge money for running a model (free software)
5. ...

- ▶ The Hackathons on Resources for Modeling in Biology (HARMONY) is a series of Hackathon-type meetings, with a focus on development of the support for standards, their interoperability and software infrastructure. **Focus is not on general discussions or oral presentations but hands-on hacking and interaction between people focused on practical development of standards and supporting software.** The participants are generally developers.
- ▶ Spec development
- ▶ Lib development
- ▶ Tool development
